Of course. It won't be public until the "spring reg agenda" which may not be until the summer.

Also, the text can still be edited, right? I believe that we will circulate the new action form and the OMB justification form for review by the various divisions in OPP before the text is 'final' for the EAMS database.

Hello Katherine,

Attached is the action form for treated seeds. In the core offices section please disregard ORD, it is not letting me delete it. If you have any questions please let me know.

Thank you,
Quinn

Hi Quinn,

If you can send me your new action form for treated seeds I can give you a SAN number for your OMB determination form.

Hello Katherine,

Thank you for getting this to us and I have begun filling in the document. Would it be possible to get an example of a completed New Action Form to model ours after it?

Thank you,
Quinn
